WHO WE ARE

A practical platform for enterprise growth and strategic investment.

Evergreen Hub LLC brings together business development, strategic partnerships, investment evaluation and operating support for selected opportunities. We focus on market reality, disciplined execution, transparent relationships and long-term value creation.

Purpose

Helping credible businesses become more structured, competitive and scalable.

Mission

Build and support sustainable businesses through disciplined execution and trusted partnerships.

Vision

Become a respected platform for enterprise growth and strategic investment.

Values

Integrity, diligence, accountability and long-term thinking.

OUR PLATFORM

Four connected capabilities for practical business progress.

Build & Scale

Business strategy, operating systems, commercial planning and growth execution.

Invest & Partner

Selective investment evaluation, project participation and strategic partnership structuring.

Connect Markets

Market-entry support, distribution, suppliers, customers and international partner relationships.

Govern & Monitor

Due diligence, decision controls, reporting, risk management and performance monitoring.

SECTOR FOCUS

Selected sectors connected to real economic activity.

Sector focus guides our attention, but every opportunity remains subject to fit, diligence and approval.

Automotive & Mobility

Service centres, parts, diagnostics, fleets and mobility technology.

Industrial Supply

MRO, equipment, technical distribution and industrial support.

Property & Construction

Commercial property, facilities, development services and materials.

ICT & Digital

Business software, digital platforms, automation and technology services.

Energy & Infrastructure

Power solutions, logistics and enabling infrastructure.

Strategic Services

Professional services, training, outsourcing and specialised support.

STRATEGIC PARTNERSHIPS

Flexible models for international connection and local execution.

Market Entry

Assessment, representation and commercial launch support.

Distribution

Product positioning, procurement and channel development.

Technology Transfer

Training, deployment and capability development.

Joint Ventures

Shared platforms for projects, facilities and services.

Institutional Programmes

Fleet, infrastructure and enterprise service programmes.

Capital Partnerships

Co-investment, project participation and strategic capital relationships.

INVESTMENT APPROACH

Selective capital and active support for credible opportunities.

CORE CRITERIA

- Clear market need and identifiable customers.
- Capable, transparent and committed leadership.
- Commercially realistic economics and use of funds.
- Legal, ownership and regulatory clarity.
- Measurable milestones and risk controls.
- Meaningful role for Evergreen Hub beyond funding.

Stage

Growth businesses, strategic projects and selected early ventures with demand evidence.

Structures

Equity, project participation, joint venture or strategic partnership arrangements.

Time Horizon

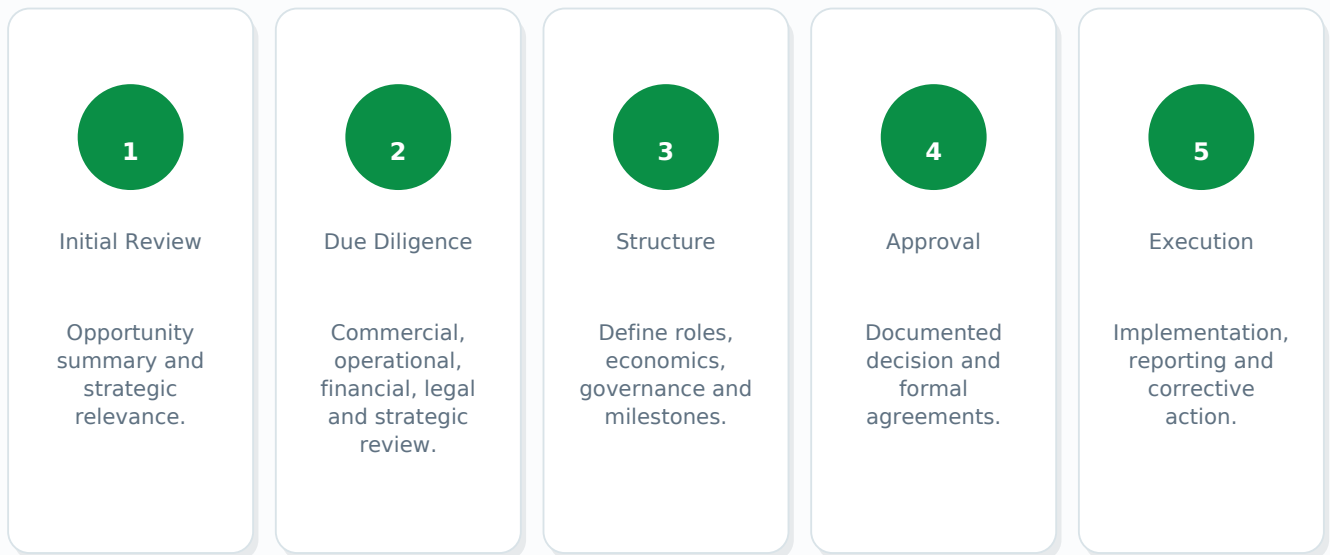

Long-term value creation aligned with operating progress and strategic outcomes.

Exclusions

No guaranteed-return schemes, anonymous promoters or unclear ownership.

GOVERNANCE & PROCESS

A clear path from introduction to decision and execution.

**GOVERNANCE COMMITMENT**

Defined review stages, documented approvals, financial controls, ownership verification, conflict disclosure, risk assessment and performance monitoring support responsible decisions.

LET US BUILD THE RIGHT PARTNERSHIP

Present a credible business, investment or market-entry opportunity.

Start with a concise introduction covering the opportunity, market need, current stage, team, preferred collaboration model and support required.
